

J. A. WILNER WRITES CAMPAIGN PAMPHLET

Local Tailor Lauds Efforts of Wilson Regime.

The latest addition to the literature of the present campaign is a pamphlet entitled "Why Woodrow Wilson should receive the undivided support of every Jew in America," written by Joseph A. Wilner, of the firm of Joseph A. Wilner & Co., tailors, Eighth and G streets northwest.

"Buffeted upon the billows of contemptuous commercialism, yet in fulfillment of the prophecy they (the Jews) arise equal to the occasion and accept Woodrow Wilson as the Moses to lead the children of Israel from 'neath the yoke of bondage and oppression still borne in European countries," says the preface.

The book is divided into a series of articles which discuss the benefits accruing to the Jews through the different acts of the administration. Among the acts which are construed as being particularly pleasing to Jews are: The refusal to make a treaty with Russia until discrimination against Jewish citizens of the United States ceases; vetoing of the Burnett immigration bill on account of the literary test; help extended to the Jews of Palestine, trying to aid the Jews of Poland and Russia; calling for this country to aid Jewish war sufferers, and the nomination of Louis D. Brandeis to the Supreme bench.

Extoll Jewish Treatment.
The humanitarian spirit which has characterized the acts of the administration especially in its treatment of problems concerning members of the Jewish race is passionately extolled.

Mr. Wilner has been commended by President Wilson, members of the Cabinet, and members of both houses of Congress upon the success of the book, and many of them have asked for copies to use during the campaign. The Democratic National Committee has had the work translated into Yiddish for distribution among Jewish citizens, and members of Congress have assured Mr. Wilner that the book will be reprinted as a public document.

Mr. Wilner is a prominent worker in local Jewish circles as well as in fraternal orders. He is a member of Adath Israel Synagogue, Congress Lodge, Ahvath Sholem, the Hebrew Free School, the Hebrew Relief Association, and the Hebrew Home for the Aged.

The book, it is announced, is written for the sole purpose of aiding the Jewish race to realize its destiny.

POSTOFFICE CHANGES NAMES OF SUBSTATIONS

The Postoffice Department has issued a statement abolishing the designation by letters of postal stations. The contention is made that such designation was "indefinite and conveyed no information whatever to the general public."

The new system will give a local character to the station in a particular community.

The following is a list of the stations to be changed:

Station A, located at 1215 Thirty-first street northwest, will be renamed Georgetown Station; Station C, 1219 New York avenue northwest, will be New York Avenue Station; Station F, 148 U street northwest, will be U Street Station; Station G, corner Eighth and F streets northwest, will be F Street Station; Station H, 215 Nichols avenue southeast, will be Anacostia Station, and Station K, Twenty-fourth and Canning street, will be Langdon Station. The new designations will be effective November 1, 1916.

75TH STORE OPENED BY SANITARY GROCERY CO.

The seventy-fifth link in the chain of Sanitary Grocery Stores is opened to the public today at Tenth street and Pennsylvania avenue.

This new store is located right in the heart of the downtown shopping district where it should prove a convenience to suburbanites and residents of the city who pass the new store when coming to the center of the city to make purchases at the central shops.

The new Sanitary Market store, in keeping with the policy that is back of all the seventy-five stores in the chain, lives up to its title of "sanitary." It is a thoroughly modern, scrupulously clean store where foodstuffs and provisions are displayed in a tempting style under absolutely sanitary conditions.

In honor of the opening of the new store attractive "specials" have been prepared and are offered at all the Sanitary Market stores today.

YOUR WEDDING DAY And the Famous Men and Women Who Have Shared It.

By MARY MARSHALL.

October 14—Lyman Abbott and Abby Frances Hamlin. Ralph Pulitzer and Fredericka Vanderbilt Webb.
Lyman Abbott, like many other men of his achievement, was married in his life. He was but 22 years old when in 1857 he married Abby Frances, daughter of Hannibal Hamlin. It was not until after his marriage that Lyman Abbott decided to give up the profession of lawyer and undertake his studies for the pulpit and this change of plans called for much patience and determination on the part of Mrs. Abbott as on the part of her husband.

Eleven years ago today Ralph Pulitzer, the well-known son of a well-known journalist, married Fredericka Vanderbilt Webb, a granddaughter of William H. Vanderbilt. The wedding took place at the bride's home in Shinnecock, N. Y., with the usual embellishments of bridesmaids, subdued orchestration, choir boys and ushers.

In spite of the fact that the affair was a quiet wedding, several hundred of New York's exclusive society folk were present, including half a dozen Vanderbilts, Whitneys and Sloans, Gen. Nelson A. Miles and a contingency of Pulitzer.

PULLMAN ISSUES WARNING. Planning to Stop Children from Jumping on Vehicles.

Co-operation and assistance of parents in a movement to check children from jumping on automobiles and moving vehicles of all kinds was asked by Maj. Pullman, superintendent of police, in a statement issued yesterday.

The action followed the death of Alice Helzer on Blair road on Thursday. There is a District ordinance forbidding the practice, with penalties from \$1 to \$40 for each offense provided.

The warning to parents will be given by police officers and offending children will be brought into court and fined.

Fever Epidemic in Sonora.
Douglas, Ariz., Oct. 13.—An epidemic resembling malaria, attended by a high mortality rate, is reported here to be prevalent in northeastern Sonora. A very high fever accompanies it. The Mexicans call it "calenturas" (the fevers).
